parenting, photography, children

Article Body:

Never work with children or animals... easier said than done when you're a parent. Over the la

I recently enlisted the help of such a man for the all-important christening photos. All dress

Upon arrival our eldest took off upstairs with his eldest, our middle one trailing behind.

The baby then decided he absolutely had to be fed! As a breastfeeding mum it was no mean feat

Finally, everyone gathered together, we were ushered into the studio, only for our eldest daug

Needless to say the session ran into overtime, the photos were hastily shot and as we left we

They say every picture tells a story. We received our pictures with trepidation. Amazingly the

However it happened, neither of us can look at the pictures without being transported right ba

And so the beautiful photographs languish at the back of the wardrobe until such a time as we
