

Title:

Architectural Scale Model

Word Count:

373

Summary:

I have always loved models. When I was a kid, I collected all kinds of them. I had model airpl

Keywords:

scale, architectural, model, architectural scale, scale model, models, architectural scale mod

Article Body:

I had a 1 48 scale model flying Fortress that was my pride and joy.

When I went to architecture school, I gave it all up. I figured that I could not make a career

One of the interesting things about architectural scale model making is how painstaking it is.

I am grateful that they haven't figured out a way to take the individual craftsmen away from t
