Article Body:

Satin exudes such wonderful images and connotations that it seems to have transcended its own

Onomatopoeia-cally pronouncing, the word epitomizes, conveys, abounds with that slithery sound

Imagery invoked from a few moments of thinking allows one to daydream the night away with fanc

Satin hits you with its moods of regality, opulence, or just downright "I'm in the mood" flash

As trimming on ones cot bedding is often where one first comes into contact with this motherly

As lingerie, which woman would not succumb to that satinicity gently guarding her erogenous ch
