Article Body:

The Internet has made it very easy and complex to express ourselves. We can express ourselves

For amateur authors, it is certainly easier to write. While previously, one had to go through

If we're looking for that exciting story, or a calming one, hundreds of stories are there to choose

Then there's the socializing aspect. We usually have different groups we're a part of - different

Of course, you can post your own profile and interact with others by commenting on their profiles.

Socializing would not be fun if you couldn't set up and organize an event - invite people who

The forums are pretty interesting - very CANDID opinions posted by people on a variety of topics.

And if you're not so sure of what's your opinion on something should be, ask others - develop

Several sites offer these facilities in 1 place - groups, individuals, events, polls, stories,

So now we can express ourselves in one place, with all kinds of expressions - these sites are
