In a culture where art and life are often inextricable, Magical Secrets about Thinking Creatively

In the last few years, the number of magazines and websites devoted to art criticism, art projects

And then there are plenty of examples of pop cultural criticism, such as Hal Niedzvieki's Hell

Magical Secrets, which is at once a book, a DVD, and a website (<http://www.magical-secrets.com>)

It is a feat in itself simply that Magical Secrets conveys a lot of information. Etching, one

But etching has been Kathan Brown's life. Despite the beauty of etching, it was not taken seriously

The variety of art represented at Crown Point speaks to the depth of Brown's understanding of
