Toy Sellers

Article Body:

Girls have dolls. Boys have figures. Action figures. But guess what? Its still a doll. We just

In most cases children who experiment with the opposite gender toys are either simply curious,

When my son was about to turn three, the only thing he wanted for his birthday was an Easy Bake

Children are pretty slick creatures, picking up just as much on what adults around them neglect

We expect girls to start beautifying themselves at a young age. We give them dolls to practice

Lifes expectations are changing. What is actually acceptable is changing. Our fears are the la
