It is also important to know your purpose for the conversation. Some purposes are more useful

On the other hand, examples of purposes that are NOT useful are: trying to change the other pe

Be Interested

Of the many ways to improve your conversation skills, one of the best is to be interested.

One of the reasons we're not curious more often is that **we mentally equate curiosity with a**

The next time you find yourself in a difficult conversation, give yourself and your partner a

Good luck and good communication!
