business, incorporation, llc, nevada, florida, delaware, california

Article Body:

Just what is an LLC? Here's a definition from Lectric Law Library's Lexicon:

A business structure that is a hybrid of a partnership and a corporation. Its owners are shielded from liability.

What should you know before joining in an LLC?

Forming a limited liability company is more complex than forming a partnership, but is less costly.

In a limited liability company, a member's legal liability is limited to his or her investment.

- A member personally guarantees a business debt.
- The form of business is found to be a sham (not properly formed or maintained).
- A member becomes personally liable as a result of his or her own acts or conduct.

Having said that, here are a few links to sites where you can find help for your incorporation.

[www.executivesolutions.biz](http://www.executivesolutions.biz)
