Even if you're not a born entrepreneur, at some point in your life you've probably toyed with

Unfortunately, many dreams of self-employment turn into nightmares, primarily because many of

What most aspiring entrepreneurs don't realize is that the skill set necessary to start a business

In a nutshell, these are the steps you need to take in order to change your career and change

1. Identify and build on your strengths. If you are a creative person who thrives on the unexpected

2. Create a business plan. A business plan is both your vision for your business and your road

3. Lay the groundwork. Businesses aren't built in a day, and you have to go through the mundane

4. Create a marketing plan. Whether or not your business includes e-commerce, you can be sure

5. Pay attention to the details. Many businesses fail because of a lack of attention to detail

6. Acknowledge and dismiss fear. Fear is what often holds us back from achieving our dreams. T
