If your maintenance budget for the current operating year has a taken a hit, you may be wonder

Purpose Driven Spending

The most common view of a painting project is simple maintenance and facilities up-keep. Justi

However, painting and coating can be a lot more than simple up-keep. In a retail setting, the

Changing the Contracting Process

As a commercial painting budget solution, changing the contracting process may seem like using

Many large organizations adapt a job order contracting system (JOC ) to handle their contracti

JOC systems are often used by schools, government agencies and other organizations to streamli

The advantage of a JOC system is that once in place to cover a painting project, the system is

Final Words

Facility budgets are not likely to increase anytime soon, so creative solutions are a must to
