Article Body:

If you are running workshops, seminars or conferences like Oslo , Norway based Ulrika Fredriks

Whether your event cost \$10 or \$10,000 to stage, you should, for business reasons, calculate y  
Compiling event information

To properly compile all of your event information you might want to put some time aside to rev

Financial Information

Put together the financial information and split it down into:

- planned expenditure
- unplanned expenditure
- direct income
- indirect but related income

Planned expenditure is everything that you predicted you would spend on the project from the f

Direct income comes from ticket sales and any other sales like promotional items, books or pro

Ulrika has been in the conferencing business for around ten years and she knows that almost 50
