Article Body:

When decorating work cubicles, a little knowledge of Feng Shui can go a long way. Here are a few tips.

The biggest Feng Shui problem with cubicles is that your back is to the entranceway. You are not facing the door.

Even though a cubical is a very small area, it is still an office. The rules of Feng Shui that apply to offices apply here.

Follow the overall directional placement of Feng Shui when placing decorative items on your desk.

The most important thing to remember when decorating work cubicles is to avoid clutter! In small spaces, clutter is a problem.
