A safety zone needs to be established. Often, failure is punished but success is not rewarded.

Creativity and innovation are key elements that propel businesses to the top. Without either,

Here are some ways to keep your company at the top:

- \* Foster a business climate that's open to innovation and creativity. Innovation is the ability
- \* Become No. 1 with your clients. The more satisfied your clients are, the more business you'll
- \* Create a partnership with clients. Clients recognize partnerships when the companies they wo
- \* Create a partnership with employees. Asking people to be creative and then shooting down the
- \* Implement next-generation approaches. Replacing "rules" with "roles" will free your employe
