

Title:

Four-Dollar Gas and Video Conferencing

Word Count:

565

Summary:

Increasing transportation, dining and lodging costs are changing the way we conduct business.

Keywords:

Video Conferencing

Article Body:

There was a time when traveling was fun and affordable. With four-dollar-plus per gallon gas t

I remember times earlier on in my career when the company I worked for pretty much expected em

Now I am definitely not saying personal contact isn't important. Shaking hands, sharing a meal

All in all, it's a matter of picking the right productivity tools and staying clear of traps.

Then there is video conferencing, a tool that combines the warmth and immediacy of personal co

With today's transportation and lodging costs it makes less and less sense to travel needlessly
