

Title:

Getting Past Major Learning Barriers

Word Count:

746

Summary:

There are some common barriers that get in our way of being the most productive learners in tr

Keywords:

training and development, learning, learning barriers, continuous learning, learning experienc

Article Body:

Tom stepped into the meeting room, but from his perspective it might as well have been a jail

Mary's supervisor asked her to attend the coaching skills training being provided by the compa

Kat was really excited about the workshop session she had registered for. It was on a topic s

I'm guessing you can relate to at least one, and perhaps all of the scenarios you've just read

While these barriers are real, there are things we can do to jump over or break through these

1.        <b>Use the time to review and focus.</b> So you don't want to be there, or feel that

2.        <b>Look for the nugget.</b> Everyone can learn something new. Maybe you do know much

3.        <b>Be a beginner.</b> Remember what it is like when you first learn something new? Y

These three suggestions can have a major impact on the value you get from any learning experie
