First, because they are portable and light, laptops aren't inherently as secure as desktop computers.

The answer to this problem is simple. Attach a lockable laptop drawer to your desk. We found

Second, back up your files. Because laptops are mobile, they are at a higher risk of being damaged.

Third, be sure to have the necessary accessories at your fingertips. We suggest an extra battery.

The last thing you need to know is that ergonomically, laptops aren't as well-designed as your
