Printing photos at home is expensive

Let's cut right to the chase. What does it cost to print your own photos? Everybody likes the

Cost of printing at home

Supplies and cost w/tax

Med. Quality Photo paper \$19.66/100 sheets.

Color and B&W Ink \$61.61.

Photo Printer \$382.49.

Photo Editing Software \$53.11.

Total cost \$516.87.

Total cost per Photo \$1.64.

WOW! That is expensive

Before you say I am crazy I will prove that these are conservative costs. The medium quality p

This is also assuming that you only print 10 photos per week, and that you only use your print

Printing them online and having them mailed or picked up costs much less?

How about uploading your pictures to a professional and having them ready to pick up in one ho
