home computer repair, home computer fixing, home computer virus

Article Body:

Home Computer Repair Repair - Got Junk In Your Trunk?

Unfortunately I'm not talking about someone who has nice "ass-ets," but rather I'm talking about

It's used primarily by companies who aim to advertise their products on your home computer repair

But I Didn't Download This

Right. No one would knowingly download a program that monitors his/her actions like Big Brother

Prevention Tactics

So now that we've discussed what spyware is and how you can get it, let's talk about how to prevent

Removal Strategies

The first thing you need to do is locate spyware. One way you can do this is by turning your home

Unfortunately, there's no one program available that will detect and destroy all spyware. Fortu
