Article Body:

We like to decorate our ears. Try to forget that you had your ears pierced in a mall just as s

"They decorate their auditory recepticals with small bits of shiny metal and colorful rocks."

In our fast-paced modern cultures our ears provide one of the easiest and most prominent body

Earrings have been around forever. Well, ok, as near as we can tell, a really really long time

The popularity of earrings rose and fell throughout the ages in direct relation to hairstyles.

Today earrings thrive with as many different variations as there are people wearing them. We w
