Article Body:

Do you know what Size you are? Have you had yourself measured by an expert? What will you be u

Many girls don't start off with the right bra and carry on making this mistake through most of

A few helpful tips:

A bra should not be too tight, as a teenager's breasts are still developing.

The most important thing to remember is comfort.

Make sure the bra strap doesn't cut into your shoulders.

Make sure your breasts don't hang out of the bottom, sides or top of the bra.

Support is not only for large cup sizes. Smaller cup sizes need support too, to avoid unsightl

A simple training bra, or Sports Bra will be perfect for your first one, and they are available

With all this information at hand, you are now armed with the tools to find yourself the best

We have whittled the list of bras down to five, so that your choice is made a little easier.
