Word Count:

401

Summary:

The world ultimately looks better and hipper through the lenses. But with all the variety of t

Keywords:

sunglasses, tips, eyeglasses

Article Body:

Today, sunglasses have become everyone's bestfriend. We never leave home without them. We carr

Here's a list of quick tips for sunglasses picks to match your face:

Square Face

You need slightly curved frames with the top high enough on the face to downplay the jaw li

Round Face

Straight or angular frames in a deep color such as black or tortoise flatter the features o

Triangular Face

Defined by a broad forehead and a narrow mouth and chin, your face can be complemented with

Oblong Face

Similar to the square face with a little more length, the shape of your face looks best wit

Oval Face

With an oval shape, you can choose more shapes than any other. However, always remember to

Aside from finding the perfect frame for your face, you should also consider frames that are p

A good rule of thumb: Go for the frame that is opposite from the shape of your face. Think of
