Here are some of the emails I have received from Avery recently:

1) See all the gaps that have filled within 30 minutes

2) Even where the gap hasn't filled, there's money to be made

What I mean by statistics is how many times during the last 100 days a stock has gone up at li

Mark, I like to keep things simple... 1000 shares * \$.12 profit / share = \$120. After commissi

-Avery

See all those filled gaps?!?!?!?

You would have made over \$1.00 per share on every trade! The QQQQ doesn't count, I just use it

Compare the middle indicator to before... see how much trading each cross can net you?

It really is simple, Mark. I think you can "feel" it... can't you?

- Avery

Hi Mark:

1) Let's say a trader starts with \$25,000 and trades 1000 shares. If the trader nets \$100 a da

Ok..that's enough for now. I have picked The Rumpiled One's mind clean over the past week naili

So get you FREE ^Fade The Gap Day Trading Method~ Now by entering your name and email address.

Get it now and start milking those ^daily~ profits tomorrow.
