One of the most important elements of success in trading (and life in general) is knowing your

Let me use myself as an example.

I am what might be considered project oriented. By that I mean I like to move from one thing to

We can actually think of trading as a series of projects. Each position one takes on is a new

There's a little problem with that, though. This kind of ^project~ approach, in the case of so

This little personality trait of mine is something I figured out a while back when I realized

The first thing I do is trade longer-term. By doing so, I give myself the opportunity to take

When trading shorter-term, I use a second approach to combat the ^project~ itch. Specifically,

Of course, this is just one example of the sort of psychological hurdles which come up in trad
