

Title:

How Is Your Cash Flow And Factoring

Word Count:

301

Summary:

How did your company do this month with the cash flow? Why not let the question go; how has yo

Did you sweat it out worrying you might not make payroll, get that vendor off your back, pay t

For those of you that have a line of credit, did you get close to maxing out your line and hav

For those of you that ...

Keywords:

factoring, factoring companies, cash flow, working capital, receivables

Article Body:

How did your company do this month with the cash flow? Why not let the question go; how has yo

Did you sweat it out worrying you might not make payroll, get that vendor off your back, pay t

For those of you that have a line of credit, did you get close to maxing out your line and hav

For those of you that use your personal money or credit cards to fund your cash flow, did you

For those of you that have been sailing on smooth waters lately but you can see the approachin

Well, you may say that the checks seem to always come in the mail just in time to get you over

I could obviously continue with the examples but you get the point. The fact of the matter is
