retire, retirement, age, old, work, invest, payment, cash, lump, sum, elderly, pension, funds

Article Body:

With an increasing number of people scheduled to begin retirement in the next few years, it is

So, how much money do you need for retirement? A lot of that answer, of course, depends on what

For example, consider whether you will still owe any debt payments when you choose to retire.

You'll also need enough money to cover such costs as utilities, auto and home insurance, groceries

Healthcare will be an extremely important aspect of your retirement. Naturally, as we grow older

You also need to consider whether there will be expenses when you first retire that you'll still

In addition, don't forget miscellaneous costs which may pop up that we tend to forget. These could

After adding up all of the costs you'll need to cover during retirement, don't forget to take

Finally, don't forget to give serious thought to how long you may need to fund your retirement
