international money transfer

Article Body:

International Money transfer is an essential part of your international move and/or business,

In today's volatile currency markets, a small change in the currency rates, coupled with the h

To start with you have several choices how you move your money:

1. Use your normal Bank and accept the charges and the fact that you may not be talking to an
2. Use a specialist international currency transfer company
3. Use a normal money transfer agent (again accept the charges)
4. Buy a huge amount of traveler's cheques or take cash (not recommended)!!!

Lets discuss each one with a bit more detail:

Possibly the most important piece of advice I was given when emigrating was that the high stre

Essentially, the high street money transfer agencies are similar to the banks. They may know m

Travellers cheques and cash speak for themselves ~ don't do it! They are easily lost/stolen, s

Last, but not least, it's the international currency transfer companies. I had no idea that in

Naturally, securing the very best rate of exchange becomes all important. There are several mo

The transfer company had no commissions, transfer fees and also gave a rate that was close to

We had to find out how these people could offer such a service so quite bluntly asked. The ans

The other added bonus is that these people are dedicated foreign exchange experts who research
