Article Body:

One of the great recreational activities is an exciting and fun-filled tailgating party. It's

But aside from that, no party is complete without food and drinks. Food is a very important pa

The most important thing to stress about tailgating is keeping the food at safe temperatures.

Did you know that between the temperatures 40 degrees and 140 degrees, bacteria grow at the fa

High protein foods, such as meat, eggs and milk products must be stored less than 40 degrees.

Try to estimate how much food you'll eat at the event. Taking home leftovers is not encouraged

You might want to consider some of these suggested recipes. They are just simply great and del

For your main dish, grilled shrimp is easy to prepare.

Peel shrimp leaving tail section intact. Pour one small bottle of Italian dressing in an 8 1/2

Chill in refrigerator for two - three hours to marinade, then grill for 10 minutes. Turn occas

For you beverages, you could prepare summer time punch.

Mix 2 cups of water, ¼ cup powdered iced tea mix, 3 cups orange juice, 1 cup unsweetened pinea

Finally, for your desert, try the apple peach pie. This is just easy: combine a cup of sugar,

Before the time has come for the party to start and your friends to arrive, you are already do
