Many of us get excited about the abundant number of red berries but not excited enough about e

Sounds exciting? I bet.

Recently I saw an ad for chocolate covered strawberries from a local chocolate factory. But wh

I don't know why, but the expense of the treat made it much more appealing. Of course, this is

My thought previously was that I would need expensive cocoa blocks for melting and dipping. Bu

Another news I came across is the fact that I can use my microwave for this purpose. You see,

For starters, fade the chips in a microwave-safe bowl. Don't forget the importance of using th

Do you know the specific technique that people use to dip chocolate covered strawberries? Simp
