Article Body:

Swivel bar stools are excellent bar furniture and have many distinct advantages for both industries.

When in the bar or restaurant industries, swivel bar stools are usually affixed to the one side of the bar.

Not only do swivel bar stools come in a variety of different designs and styles, there is also a wide range of prices.

The manual swivel bar stool has a knob that must be turned in order to move the seat and then the stool will rotate.

Prices on swivel bar stools have a very wide range. The bar stools for home uses have a starting price of around \$20.

Obtaining the correct size of bar stool is essential. It is important to note that retailer's prices can vary significantly.
