Article Body:

Whether you are healthy, sick, young, or old, everyone can benefit from an air purifier. Allergens

Allergens inside the home like pollen, mold, and pet dander can be very irritating to people with allergies.

Air purifiers can also reduce the spread of illnesses and viruses like the common cold or the flu.

There are many toxins in the home including pollen, mold, animal dander, smoke, bacteria, and viruses.

In our society today there is more pollution now than there ever was before, especially in the cities.
