While feminists and critics sneer at beauty for being only ^skin deep~, the continuous growth
Some people, however, are too absorbed in their busy lifestyles that they have no more time le
There is more to skincare than just a case of vanity. Unknown to many, all human beings, wheth
History showed that most cases of fatal staph infections in the past have occurred in people w
Moreover, the usually powerful antibiotics no longer have an effect in fighting against certai
The signs and symptoms of bacterial infections depends on the condition and affected area of t
Most skin problems would require clinical care by medical professionals but it helps to take m

- Make sure to always clean and cover areas of skin that have been injured.
- Do not share towels, sheets, clothing until the infection has been fully healed.
- Do not touch to avoid spreading it to other parts of your body.

Always remember that cleanliness and good skincare hygiene is not just a form of vanity but it
