Article Body:

You can now say goodbye to your old glasses and wear contact lens. Many people feel that conta

Before you get your contact lenses, you should first see an ophthalmologist. Your eyesight may

There are various types of contact lenses available, and the most popular ones are the colored

- Soft contact lenses: These lenses contain from 25% to 79% water. They are easy to adapt and
- Rigid Gas Permeable (RGP) contact lenses: These lenses are more durable, but they take longer

Colored contacts:

Colored contact lenses are used by many to change the color of the eyes, as they can change the

1. Visibility tints: This is the light blue or green tint added to the lenses so you can find
2. Enhancement tints: It is a solid, translucent tint added to the lens to enhance the existin
3. Opaque color tints: These are solid color tints added to completely change the color of eye
4. Light-filtering tints: These lenses are so designed that they enhance only some particular

Novelty Contact Lenses

These contact lenses are perfect for any dramatic effect and are very popular during Halloween

Safety Tips:

Always follow the manufacturer's advice about when to discard contact lenses, or else you may

Keep in mind that because of the way the eye reacts, you could require more frequent replaceme
