Contact Lense Basics

Hordes of people new to contacts have a lot of questions. What are the steps I should take fir

The first step you take is to see an eye doctor. If you need to get into contact lenses, you h

The ophthalmologist will check your eyes to guarantee it is OK for you to wear; nowadays nearl

How to understand your Contact Lens Prescription?

Eye doctors all use pretty much interchangeable shorthand to compose contact lens prescription

How do I apply my contact lenses?

The difference can be subtle, but warranty the lens looks more like a taco than a soup bowl.

A minimal number of contact lenses also have a laser marker, like the brand name, on the edge
