

Title:

Death By Breathing

Word Count:

599

Summary:

Breathing is something that is integral to human survival, but it can also play a role in huma

Keywords:

bacterial infection, second-hand smoke, side effects

Article Body:

Breathing is part and parcel of the human condition. If you don't breathe, you can't really do

You've probably heard a horror story or two about the potential side effects of breathing in s

Of course, it isn't just the smoke from cigarettes and the like that you have to worry about.

Science also has an impressive list of all sorts of airborne pathogens, bacteria, and viruses

According to some statistics, the amount of allergens in the air seems to be showing an increa
