party, party planning, party favors, party favor ideas

Article Body:

Parties are fun but planning them is work. The more carefully you plan your next party the more

How much money you spend on the party is one of the most important aspects of party planning.

You can save a lot of money by serving soft drinks, and avoiding alcoholic beverages all together.

If it is a party with children present, you can easily explain an alcohol free party. An alcohol

If you decide to serve alcohol avoid salty thirst triggering foods. Serve food before you serve

Not only that you save money because non-alcoholic drinks cost less, at the end of the party t
