Here you can find a basic strategy to a single deck blackjack game where the dealer hits on so

First, here is a short introduction to the terms mentioned here:
Hard Hand: two initial cards that do not include an Ace.
Soft Hand: two initial cards that one of them is an Ace
Stand: when a player is not asking to be dealt more cards after the two initial cards.
Hit: when a player calls for an additional card to be dealt
Double: when a player doubles his initial bet after the initial deal, but it requires him to h
Split: when a player separates the initial two cards into two individual hands and plays them

Finally, here is a basic blackjack strategy:
When your initial two card hand sums up to 8 or less: hit
When your hand sums up to 9 and the dealer hand value is between 3 and 6: double if else: hit
When your hand sums up to 11 and the dealer hand value is between 2 and 10: double; if else hi
When your hand sums up to 13, 14, 15, or 16 and the dealer hand value is between 2 and 6: stan
When your hand sums up to 17: stand.
when your initial two card hand contains Ace 2 or Ace 3 and the dealer has either 5 or 6: doub
When your hand contains Ace 4 or Ace 5 and the dealer has 4, 5 or 6: double; if else: hit.
When your hand contains Ace 6 and the dealer has 3, 4, 5 or 6: double; if else: hit.
When your hand contains Ace 7 and the dealer has 2, 7 or 8: stand; if he has 3, 4, 5 or 6: dou
When your hand contains Ace 8 or Ace 9: stand
When your hand contains a pair of 2s or 3s and the dealer hand value is between 2 and 7: split
When your hand contains a pair of 4s and the dealer has either 4 or 5: split; if else: hit
When your hand contains a pair of 5s and the dealer hand value is between 2 and 9: double; if
When your hand contains a pair of 6s and the dealer hand value is between 2 and 6: split; if e
When your hand contains a pair of 7s and the dealer hand value is between 2 and 7: split; if e
When your hand contains a pair of 8s: split
When your hand contains a pair of 9s and the dealer hand value is between 2 and 7 and either 8
When your hand contains a pair of 10s: stand
When your hand contains a pair of 8s: split
