Clutter Under Control

Provencher's S.T.O.P. system will help people go from paralyzed to organized:

S-Sort: Haul everything out into the open so you can see what you have-and what you can get rid

T-Talk and Trash: Get the whole family involved and decide what you need, what you can donate

O-Organize: Don't put anything back until you've created a manageable system. Organize by cate

P-Place: Put everything away and make a family pact that everyone will always put things back

With the garage organized, Provencher also recommends a 21st century technology makeover. "The
