

Title:

Keep Your Family Together With A Family Website

Word Count:

504

Summary:

As families grow and fan out across the country, and matriarchs and patriarchs become unable to

Keywords:

website hosting, family, web, communication, forums, blog

Article Body:

As families grow and fan out across the country, and matriarchs and patriarchs become unable to

Upload pictures.

Whether they are from a recent family reunion, a birthday party, or a special event like a graduation

One holiday letter ONLY.

Instead of printing and mailing a ton of annual holiday letters, just upload one to your family website

Family reunion news and updates.

Trying to organize 50+ people who are all over the country in different times zones and varying

Forums and blogs for updates and discussion.

Another benefit of a family website is the use of blogs and forums for the exchange of ideas.

Announcements.

Let everyone know what's coming up: wedding, birth information, christenings, baptisms, graduation

Quick communication.

When a loved one is ill and in the hospital or as the birth of the latest addition progresses

Everyday, the world grows smaller but the distance between family members grows larger and larger
