Word Count:

519

Summary:

Having problems getting a nasty stain out of your beautiful silk tie? Here are a few tips from

Keywords:

silk

Article Body:

If you've ever owned a silk tie, you know that they are difficult to tie and even more difficult

Having said that, if you absolutely must clean your silk tie, then here are few tips to make t

If your silk tie should get a stain, remove it immediately. Waiting any length of time will m

If you haven't gotten rid of the stain, which is very likely, then have the tie dry cleaned.

On softer silk ties, the following works fairly well.

Hang a soft towel over a hot radiator. Take the silk tie and rest it flat on top of the towel

If you should get butter or grease on your silk tie, which is pretty much a death sentence, do
