Article Body:

Most parents - whether they admit it or not - react to the onset of their child's teenage years

If only there was a parent handbook or parent directory, teens would be so much easier to raise

Although we may approach our child's teenage years with dread, the truth is that parenting teen

1. Acknowledge our power. Although our teens would be loath to admit it, we still wield an eno

2. Loosen the apron strings. It's difficult to accept that the purpose of the teenage years is

3. Be vigilant. It's difficult to imagine that parenting teenagers is more difficult than pare

4. Listen with our ears and our hearts. Teenagers are notoriously uncommunicative, so listenin

There's no doubt that parenting teenagers is incredibly challenging. And the reality is that w
