Article Body:

There are tons of resources available that will teach you how to make money on the internet. H

1. Don't state on your website what you do or what you sell. Make it a complete mystery why yo

2. Overwhelm visitors with lots of information. Almost as bad as the "What the heck is this si

3. Make the ordering process really complicated. There's nothing I love more than putting item

4. Fill your site with outdated information and broken links. Pfsheew. You dodged a visitor wit

5. Make sure there's no way for an interested customer or business partner to contact you. Hea

Thank Goodness you don't have those gosh-darned customers emailing you while you're trying to

Obviously, I'm being silly, but you do know that these examples are true. You've seen sites th
