Article Body:

These are strange new times. No longer do we need to actually send mail, get cash, pay bills w

One of the biggest risks involved with online shopping is that you don't get to actually see o

After all, not all companies size slippers, shoes, or even clothes in the same manner. What is

Companies need to be reasonable and expect some mistakes on both sides where sizing is concern

Shipping costs should also be investigated before even shopping for your slippers. A good many
