Both of these strategies is dangerous. The first, because any site that promises pots of cash

Keywords:

easy work from home ideas, home business success, build online company, start your own website

Article Body:

Too many people venture online without understanding which type of Internet business they are

Both of these strategies is dangerous. The first, because any site that promises pots of cash

There are many legitimate ways to make money online and discovering which one is best for you

In part one of this series you posed 4 questions to yourself:

1. How computer literate am I? (not at all - 1, very - 5)
2. How is my self-discipline? (bad - 1, excellent - 5)
3. How positive is my outlook on life? (terrible - 1, bright - 5)
4. How much can I afford to fail? (Can't - 1, Doesn't matter - 5)

And answered each of them with a score of 1 to 5 accordingly.

These four simple questions were carefully worded and directed at understanding not necessarily
