With Google AdSense even the slightest adjustment on your website can make a world of a difference.

When placing the Google AdSense it is crucial you place it directly in the heart of your content.

You want to place your AdSense above the main fold to maximize your clicks. The higher up on the page the better.

Placing objects around the ads are a sure way to increase your AdSense revenue as well. If you can't place the ad in the main fold, try placing it in the sidebars or footer.

When adjusting the background color and border color of your Google AdSense box, you don't want to make it look like a pop-up or a window.

It is important that you pay attention to the formatting of your Google AdSense and maybe even the text color.
