Article Body:

If I received a quarter for every time someone told me that it's absolutely impossible to convert

Well I'm here to tell you that it can be done ONLY by using a systematic approach to converting

Well if done correctly, it's possible you may even convert more than 30 percent.

Using the traditional permissions email marketing strategies that most internet marketers use

People are getting pitched to for products that they're not even interested in eventually they

In order to be successful, you simply need to create highly targeted sublists and then pitch to

Example: Let's assume that my ideal leads/market are stock market traders/investors. He're ho

I would create a optin-page offering someone a unique and FREE course or report which the we

In this example, I would ask for the first name, email address, Trading Experience (drop down

You know exactly who they are and what they would be interested in and that's invaluable infor

Your conversion will skyrocket!..particularly if you first cultivate a good relationship with t

As I already mentioned, your conversion percentage will increase dramatically simply by pre-qual

..and these are the same advanced conversion strategies I talk about in my in my coaching prog
