#### 1. So What Is It?

It is called affiliate marketing. It, as a matter of fact, is one of the easiest and fastest ways

#### 2. What's Affiliate Marketing?

Affiliate marketing simply to say is promoting other people's product and in return you'll get

Keywords:

affiliate marketing, internet marketing, marketing

Article Body:

Would you like to rake in \$10,466 per month without having your own products? If you would like

#### 1. So What Is It?

It is called affiliate marketing. It, as a matter of fact, is one of the easiest and fastest ways

#### 2. What's Affiliate Marketing?

Affiliate marketing simply to say is promoting other people's product and in return you'll get

So we can say some sort of online multi level marketing.

Why I said that? Because many of these programs have 2-tier which means you can refer another

#### 3. How do I get started?

Well, first off, you have to identify which niche you want in? For example if you are a maniac

Then estimate the competition, go to Google and type in your appropriate term for example "beginner"

For me personally, I don't care much about the competition if you have more crowded competition

However, be sure to do something you really love, because in the end it will be life and death

#### 4. Let's Find The "Eager-To-Give You Money" Merchant

Now you should have roughly figure on which niche you want to in. The next thing we're going to do  
To faster the process we are going to choose them from affiliate programs directory. Affiliate

Some of the best are:

[www.associateprograms.com](http://www.associateprograms.com)

[www.5staraffiliateprograms.com](http://www.5staraffiliateprograms.com)

#### 5. Skyscraper Website versus "Mini" Content Site

As the time writing, there're 2 current opinions:

The first state in order to get money from affiliate program you have to build skyscraper site  
The second state in order to get money from affiliate program you have to build multiple stream  
Which one that works?

Both work, it is ultimately up to you which one you want to adopt for example of the first one  
Both is very respected and highly acclaimed both affiliate marketer and internet marketer.

Here're the pros and cons:

If you decide to build mini site then you'll have to forget the possibility of getting traffic

If you decide to build skyscraper content site then you'll have to invest considerable amount

Don't re-invent the wheel there's no point in doing so just follow what already works. Examine

## 6. Ready to Drive Traffic?

Now you have proven business model at your disposal, it is the time to drive traffic to your s

Let's put it into action

Once again type in your keywords on search engine, next click on each of the site you found, i

If they have click on the link there should be simple self-explanatory instruction to exchange

What's great about this method? Here's what will happen

Let's say after doing reciprocal link for one month in the end of the month you get 30 links.

What happen if you can manage to get 200 links?

## 7. Final Note

Like any of other endeavors if you expect some results it means hard work and persistence. Don
