Article Body:

How would you like to wake up in the morning to messages in your email inbox with a subject li

I have a unique little seniors' workbook that helps me do just that.

And you too can do this in retirement even if right now you consider the concept beyond your o

- ? You can do this even if your knowledge of online marketing is currently at zero;
- ? You can do it with just an email address to start;
- ? You can do it on the tightest of budgets;
- ? You can do it without ever interfacing with anyone;
- ? You can do it even if you think you can't;
- ? You can do while you sleep.

Retirees represent the world's largest demographic market (Source: marketresearch.com 2006)

This being so, even if you decide to deal only with fellow travellers in the third age journey

Think about that for a moment or two

But you don't have to restrict your efforts in making money online in retirement; cyberspace i

You can choose the direction in which you wish to travel

1. You could take the quick route;
2. You could take the slow route;
3. You could take both routes in tandem.

Why bother with the slow route?

We all like to make money quickly but you must bear in mind that marketing on the internet is

Remain closeted on the quick train and your retirement online money-making journey will be ove

If you would like to learn more about my amazing little workbook or even download your own cop
