How to get directories to submit your site - with this 5 steps guide !

Getting directories to list your site is easy !

Here are some steps which you can take to find directories:

1. Check out your competitions back links. Your competition is sure to have got links from some
2. Do a search in Google (the most obvious one!) using keywords like 'submit+site+directory'.
3. Do a search in Google with "allintitle:webdirectory". I did a search with these keywords and
4. Visit various Search Engine related forums .In almost every such forum you will find some t
5. Visit some good directories like <http://dmoz.org>, <http://dir.yahoo.com>, <http://www.joeant.com>

Follow these simple 5 steps to get directories on your left, right, everywhere and set your pr
