Article Body:

Just at the time when the stress from her day job started to make Rosalind Gardner ill she fin

How did she do it?

It all started with a click.

One evening in 1997 Rosalind was just playing on the Internet when a banner ad for "One and On

She found out that what was on offer was a commission for any webmaster who could refer a payi

After signing up to the program on offer Rosalind set about designing her own web site. Keepi

The enterprise worked and today Rosalind Gardner is one of the most successful Internet market

Pretty amazing considering that her highest education was two years in college and she admits

And it all started with a click.

Your Internet business adventure could start with a click too. See www.ebiz-info.co.uk to fin
