There's A Revolution Coming!

If 2005 / 2006 was the year of the blog then 2006 / 2007 will be the year of the Content Manag

These days the choices and changes are coming thick and fast.

I'd like to introduce you to a comprehensive video training course called Joomla Magic. . .

Your choice is simple and right now there are three paths you can take:

Ignore a mountain of new time saving benefits and increased potential profits.

Spend weeks/months trying to work it out for yourself. While this is an awesome technology ju

Spend an hour or two with these easy to follow training videos that will put you head and shou

These Flash Based Joomla Magic Videos are going to wake up a lot of people to the incredible b

Here's just a little of what's included in this awesome video guide:

- Why Content Management Systems.

- Beyond WordPress - The Time To Move Is Now! (And the dangers you face if you don't)

- The varieties of CMS (And why Joomla?)

The Technical Side Covered in-depth and made easy:

- Downloading Joomla For Free

- 3 Different Ways To Create Your Database

- Uploading Joomla To Your Site

- Installing And Configuring Joomla

- A Walk Around The Front-End

- It's All About Content Baby!

- The Back End - Administrator Help

 - Creating Sections - Creating Categories - Creating Content Items

- Linking To Menus

- Installing New Templates

Importantly this isn't just a 'technical guide' - because it's video based you get to see real

. . . You'll see how to create the following kind of sites:

How To Build A Sleek Online Shop: (case studies, live stores and Short Cuts)

How To Create A Paid Content Membership Site: (Single payments, recurring payments, locked

How To Create Online Magazines: (The real next step for content publishers)

If you design web sites for other people, then right now, watching this video guide will be on

If you publish content online you'll learn how to create beautiful and imaginative web sites f

If you own an online business, or have any kind of online presence and you want to create a po

Are YOU ready for the next big thing in web site building?
